Table made by applying **natural stone powder** through a **hand troweling technique**.

Available in "crema" and "bruciato" colors.

"Burnt" - Bruciato - mixture made with natural earthenware powder and colored cement.

"Cream" - Crema - impasto made with Carrara marble powder and colored cement.

The top finish is water-based acrylic clearcoat so as to provide more protection and durability.

Since this is a mixture of pulverized natural stones, uniformity in color shades is not guaranteed.

*Three-dimensionality and materiality are the basis of "Origine," a new textile project by Gallotti&Radice. From a background of linen and viscose, organic shapes emerge like atolls, in a refined play of balance and harmony. The main element is a soft chenille twisted with several threads and woven in different jacquard workings, which gives life to a surface with different thicknesses between them.*

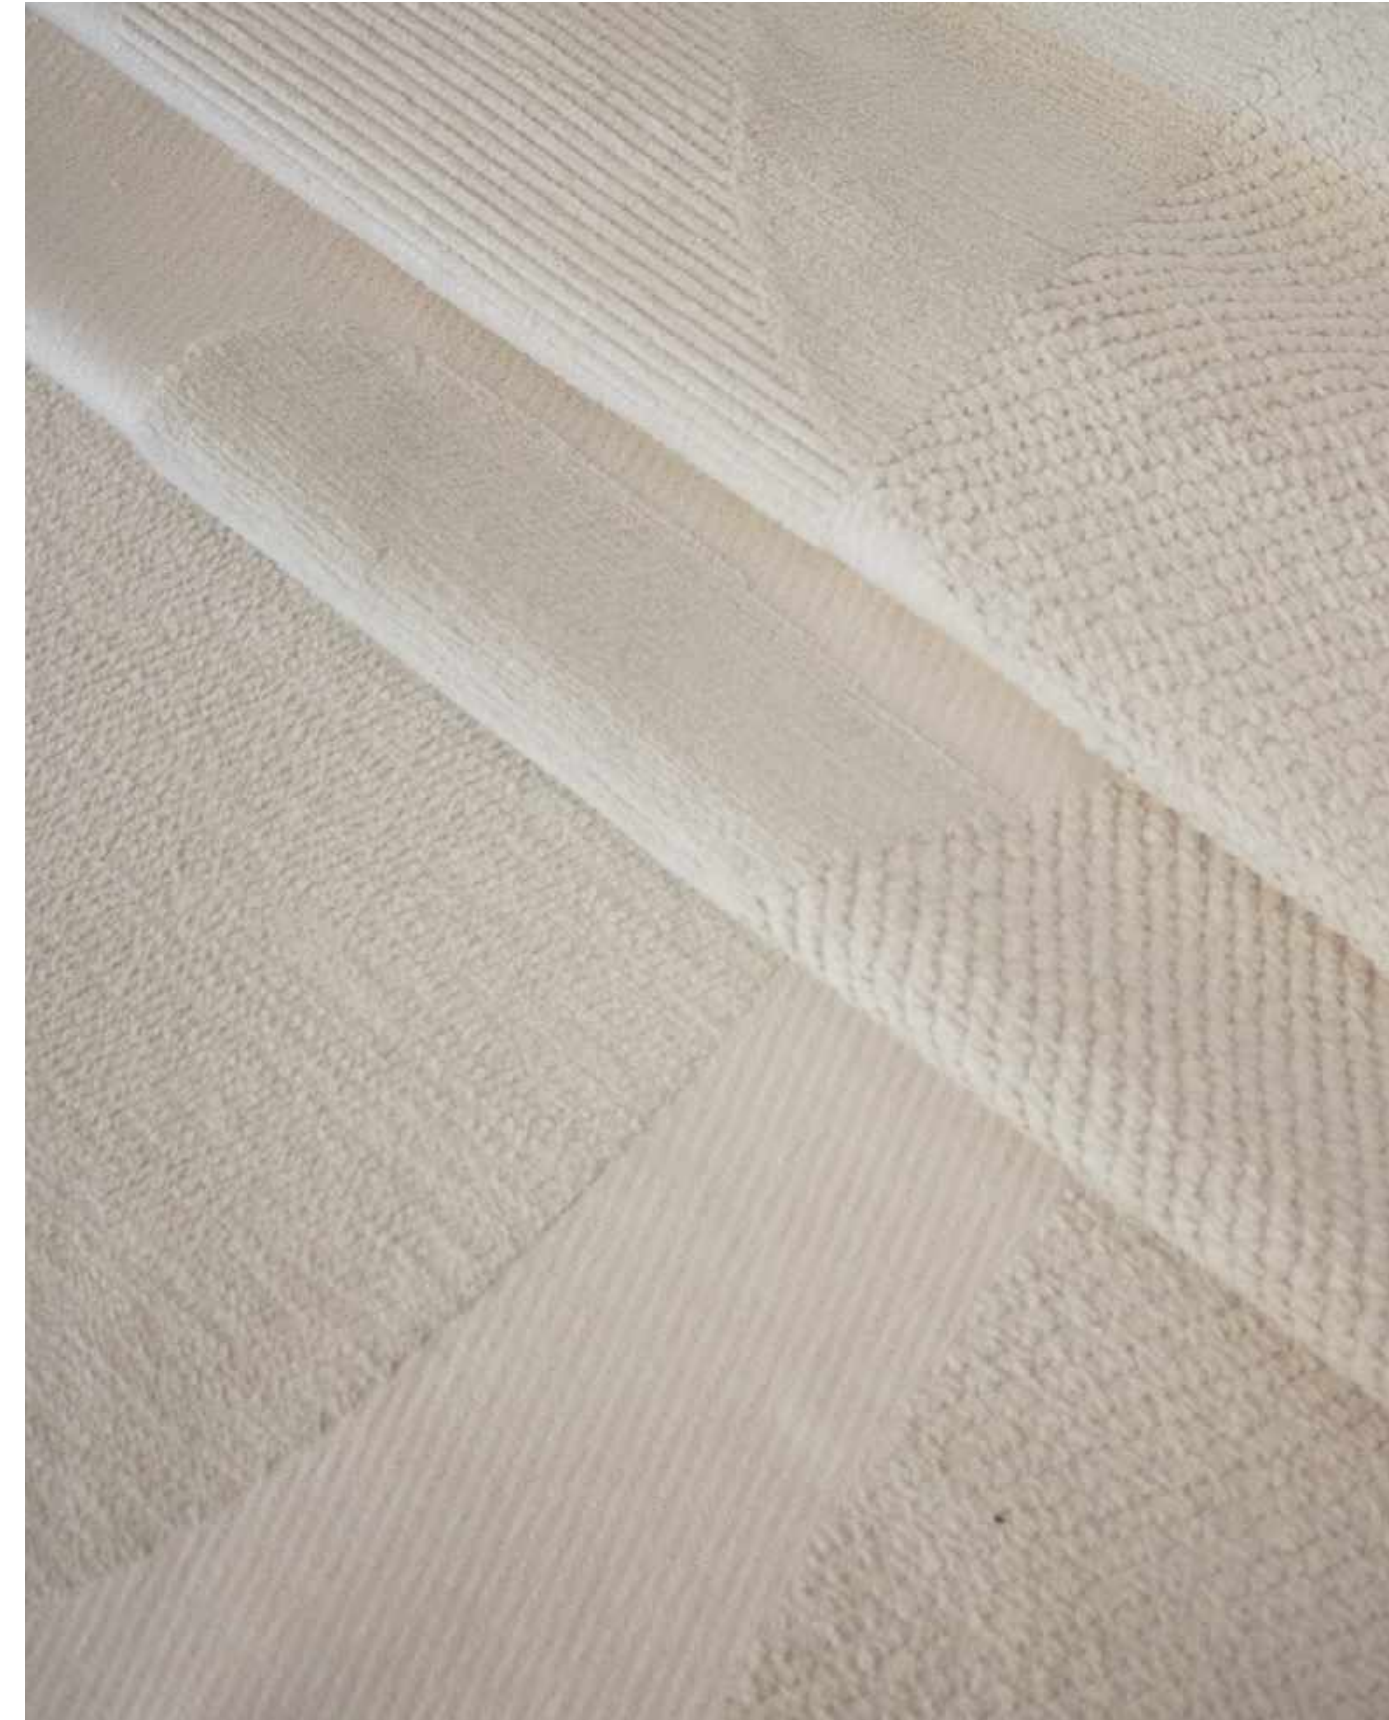

*The three-dimensional effect of "Origin" generates a real visual and tactile sensory experience.*

*"Meta," with a dense diagonal chenille, is the united of the "Origine" fabric.*

Woven with **viscose linen warp woven with chenille**  
of microfiber that gives the article  
a **special softness**.

*The weaves used are canvas, satin and twill.*

*Twill is the second basic weave, with cloth and satin, has  
diagonal course, with a forehand and a backhand, one with  
weft effect and the other with warp effect.*
