Inside the Compound is the Quality Hub, designed by Ron Gilad to be a multimedia laboratory of experiences with the task of spreading Molteni's obsession with quality.

All'interno del Compound nasce il Quality Hub, progettato da Ron Gilad per essere un laboratorio multimediale di esperienze con il compito di diffondere l'ossessione di Molteni per la qualità.

The quality of living

The obsession for **quality** combined with the **search** for beauty in every detail is what distinguishes and will continue to characterize the Molteni Group, together with the ability to read the **evolution** of scenarios and adapt to the changes taking place. A new collection that

represents the heart of the needs of contemporary living, where domestic spaces are **versatile, multifunctional**, and can be adapted and shaped according to their use. The house is warm and welcoming, like a protective nest, reassuring from an ever-changing external context.

La qualità dell'abitare

L'ossessione per la qualità unita alla ricerca della bellezza in ogni dettaglio è ciò che distingue e continuerà a caratterizzare il Gruppo Molteni, insieme alla capacità di leggere l'evoluzione degli scenari e di adeguarsi ai cambiamenti in atto.

Una nuova collezione che rappresenta

il cuore delle esigenze dell'abitare contemporaneo, dove gli spazi domestici sono versatili, multifunzionali, capaci di adattarsi e modellarsi a seconda dell'uso. La casa è accogliente, come nido che protegge, calda e che rassicura da un contesto esterno in continua evoluzione.

The house is transformed into an **ecosystem** that learns to welcome, where different environments play a fundamental role in maintaining its **balance**. A dialogue is established in a fluid, changing context, where every single voice contributes to define an eclectic, cosmopolitan and international living.

Contemporary furniture takes on the role of a true protagonist of domestic architecture, acting as a separating element useful for dividing and isolating. The home-office contamination has been at the centre of our thoughts for years, with the residential world of Molteni&C and Dada finding the opportunity to reinterpret products in a **homeworking** key.

La casa si trasforma in un ecosistema che impara ad accogliere, dove i diversi ambienti giocano un ruolo fondamentale per conservarne l'equilibrio. Si instaura così un dialogo in un contesto fluido, mutevole, dove ogni singola voce concorre a definire un abitare eclettico, cosmopolita e internazionale.

Il mobile contemporaneo assume la veste di vero protagonista dell'architettura domestica, fungendo da elemento separatore utile per dividere e isolare. La contaminazione casa e ufficio è da anni al centro del nostro pensiero, dove il mondo residenziale di Molteni&C e di Dada trova occasione di rileggere i prodotti in chiave home working.

Modern, contemporary rugs with a spontaneous or sophisticated design, always lending a unique touch to enhance an interior. Just like their beds, armchairs and accessories, Molteni&C rugs do not stop at the concept, but draw their strength from refined materials and special manufacturing techniques that can bring the designer's ideas to life.

Completing the textile range, a choice of accessories, blankets and bedding coordinates, to enrich the Molteni&C bed collection. For blankets, in the winter version, the range includes double wool with nubuk edging in warm dove grey and browns. The offering is completed with a summer version in fresh, reassuring colours. Finally, three night time coordinates developed in pure linen, sateen and cotton.
